

A large, bright photograph of a young man and woman smiling and embracing in a field of yellow flowers under a clear blue sky. The woman is in the foreground, and the man is behind her, his arms around her. The overall mood is happy and sunny.

The secret to looking good... ...is a great smile

Treat yourself to the smile you have always wanted. Your appearance is so important to looking good and feeling good about yourself, and in your everyday personal contacts. A consultation at UK-Smiles can identify a range of treatment options for you, your smile, and your pocket.

Discover our 5 Star dental care programme for popular treatments such as implants, veneers, crown and Tooth Whitening.

Implants - the modern and proven way to replace a single lost tooth, or missing teeth. Implants can be used to anchor dentures, protect your own natural teeth and improve your self esteem. Implants can give you back your smile, allow you to eat all foods and give you the confidence to laugh. Just some of the many benefits that make people choose dental implants.

Veneers & Crowns - The number one treatment to mend chipped front teeth, rejuvenate a worn, tired smile, or straighten out teeth. With our range of veneers and crowns, you can have that smile you always wanted.

HealOzone Treatment - This is the future of dental care. At last a gentle way to treat your teeth. No drill, no fill and no pain. This treatment utilises a direct application of ozone to eliminate bacteria, and the decay they cause. The sterile surface can be sealed, or left to heal naturally, dentistry without the scary bits!

Tooth Whitening - a simple and very effective way to brighten up your teeth and your smile. It can take only 5 days with our new products. UK-Smiles is an accredited Enlighten Whiting Centre.

Our high tech clinic offers a wide range of other oral treatments including: family dental care, tooth coloured fillings, oral hygiene and much more. Call or see our www sites for more information.
